

DODSON & HORRELL LIMITED

SAFARI & ZOO RANGE

Extruded Platyrrhine (New World) Primate

Platyrrhine diet is a complementary feedingstuff for a variety of New World primates

FEATURES:

- Contains complete vitamin and trace element supplement.
- Contains stabilized vitamin C
- Contains a mix of animal and vegetable protein sources to ensure appropriate amino acid profile
- Enhanced omega 3 fatty acid content from rape, fish and marine algae, a source of DHA
- Contains a unique, originally patented, natural antioxidant cocktail to help support the animal's own natural defenses, based on natural plant antioxidants such as carotenoids and anthocyanins
- Added refined starch is included to help maintain a "lighter" bite texture.

COMPOSITION:

De-hulled soya-bean meal, maize, wheatfeed, brown rice, fructose, un-molassed beet pulp, dried egg, pea starch, maize gluten 60, rape seed oil, full fat soya bean, skimmed milk powder, monocalcium phosphate, salmon meal, sodium bicarbonate, calcium carbonate, marine algae, sodium chloride, potassium chloride, magnesium oxide, blackcurrant, rosehip, oregano, pomegranate, beetroot.

Analytical Constituents:

Crude Protein: 22.0.0 %

Crude Oils & Fats: 9.0 %

Crude Fibres: 4.0 %

Crude Ash 7.0 %

Additional Information:

NDF 10%, ADF 4%, Starch 21%, Sugars 11.0

Calcium 1.15%, Phosphorus 0.85%, Sodium 0.4%, Chloride 0.3, Potassium 0.8
Magnesium 0.2%

Vitamin A 34000 iu/kg, Vitamin D 6000 iu/kg, Vitamin E 500 mg/kg, Vitamin C

1000mg/kg Iron 300mg/kg, Iodine 1mg/kg, Copper 25mg/kg, Manganese 75mg/kg, zinc
110mg/kg, selenium 0.25mg/kg

FEEDING GUIDE:

Designed to be fed up to a maximum of 40% as a component of the total mixed diet, depending upon needs as a complement to fruits and vegetables Primates typically eat 2-4% of body weight on a DM basis.

Adjust food intake to suit life stage, activity and body mass but always adjust feeding to maintain the animals in ideal body condition for their breed and minimize waste.

Product may be fed dry or soaked as desired. Ensure that fresh, clean water is available at all times. Store in a cool dry place and fold down top when not in use

Best Before date 12 months from manufacture

Manufactured in an ISO 9000/2000, registered plant under HACCP control. The manufacturing plant is free from all animal protein sources, all medicinal feed additives and antibiotics and prohibited substances.
